A 24 hour break-up session, comin' on strong like an intervention

Back and forth and crazy and we ain't done yet, does me no good 'cause I'm sick of sex

Back and forth and crazy and it's never enough, 'cause it's 24 hours of breaking up

Yeah! You knew we'd never make it anyway

We'd of never made it anyway, 'cause it's a 24 hour break-up session

A 24 hour break-up session, the latest in a line of old obsessions

Back and forth and crazy I'm so over you now, does me no good 'cause you won't tap out

Back and forth and crazy and it's more than enough, it's 24 hours of breaking up

Yeah, you knew we'd never make it anyway

We would of never made it anyway, 'cause it's a 24 hour break-up session

24 hour break-up session
