If you want it, then it's great  
If you don't, you'll have to wait  
Doctor help me medicate  
Doctor give it to me straight

If you got the stink of luck  
Find a movie star to fuck  
Come on like a semi truck  
I said "All night"

Thinking what you coulda been  
Thinking what you shoulda been  
Left without a decent friend  
Not now, not then

Sell my life in stock and trade  
Making like you got it made  
If you want another  
You know me, I got nowhere to be

Bailing through my barricade  
Living and in love with me  
But if you want another  
You know me, I got nowhere to be  
Don't wanna break down

Yeah  
Yeah  
Yeah

Passin' up your salad days  
Creepin' up on middle age  
Chasin' down the latest craze  
Oh yeah, all right

If you want it, then it's great  
If you don't, you'll have to wait  
Doctor help me medicate  
Doctor give it to me straight

Living and in love with me  
Bailing through a barricade

But if you want another  
You know me, I got nowhere to be

Sell my life in stock and trade  
Making like you got it made  
But if you want another  
You know me, I got nowhere to be  
Don't wanna break down

Sell my life in stock and trade  
Making like you got it made  
So if you want another  
You know me, I got nowhere to be

Sailing down my barricade  
Living and in love with me  
But if you want another  
You know me, I got nowhere to be  
Don't wanna break down

Yeah  
Yeah  
Yeah  
Yeah
