We get set free in waves again
We're saved again
But no one wises up
And no one will rise up
We get set free in waves again
Jesus saves again
We get set free in waves

The charts and graphs
Your epitaphs
The blinding flash
The market crash
Your throbbing aches
Your sobbing shakes
Your swamp of snakes

We get set free in waves again
We're saved again
But no one wises up
And no one will rise up
We get set free in waves again
Jesus saves again, again
We get set free in waves (x2)

Your flags are waved
But nobody's saved
The spiraling rate
The sovereign state
Your Superman
He says that yes, we can
We're grains of sand

We get set free in waves again
We're waves again (x2)

Waves again
We're saved again
But no one rises up
And no one will wise up
We get set free in waves again
Jesus saves again, again

We get set free in waves (x2)

We're waves again (x4)
