Barefoot bleach blonde walking on white sand boogie
board good lord girls flirtin workin on a good tan.

Board walk flip flops volleyball ipod pop a top too hott
cool it off floatin in the ocean smell of coconut lotion

Days are getting longer shorts are getting shorter tops
are getting smaller can you feel it getting closer.

(Chorus)

Here comes summer aint nothing hotter 3mons of
nothing but women in the water rent a big pontoon fill
up the cooler

Here come the girls cute and getting cuter jump up in
my jeep drive out to the lake day after every loving day
after day here

Comes summer.

Boys ridin windows down crusin round mainstreet
tough talk showin off cars burin rubber at every green

Big crowd hangin out anywhere the musics loud good
timin all night wakin up at noon on a little towel that's
what it's all

About.

January, February, March, April, May spring break was
crazy but it's just a little taste.

(Chrous)

Here comes summer aint nothing hotter 3mons of
nothing but women in the water rent a big pontoon fill
up the cooler

Here come the girls cute and getting cuter jump up in
my jeep drive out to the lake day after every loving day
after day here

Comes summer.

Look at that mercury 101 look at them beauty queens
baking in the sun.

(Chrous)

Here comes summer aint nothing hotter 3mons of
nothing but women in the water rent a big pontoon fill
up the cooler
Here come the girls cute and getting cuter jump up in
my jeep drive out to the lake day after every loving day
after every
Loving day after every loving day after day here comes
summer.
