I know it's the middle of the day  
Let's pull the blinds and shades, baby  
I need you, baby  
And I know you're on a half hour break

Well, you're gonna be late, baby  
Come on, baby

Leave your coat, and your keys in the door  
Hold on to me, I can't wait anymore

Let's make love right now  
Why wait til the sun goes down  
I wanna hear the sound  
Of our love all around me  
Baby, let's make love right now

I know we swore, to take things slow  
I heard a song on the radio  
It really turned me on,  
Yeah it turned me on  
Let's drawl a bath and pour some wine  
Don't be afraid to close your eyes, baby  
Let's go crazy

I wanna see your body in the candlelight  
Cause there will never be another tonight

Let's make love right now  
Why wait til the sun goes down  
I wanna hear the sound  
Of our love all around me  
Baby, let's make love right now

Let's make love, baby  
Let's make love right now  
And why wait til the sun goes down

Let's make love right now  
Why wait til the sun goes down  
I wanna hear the sound

Of our love all around me  
Baby, let's make love  
Whoa baby  
Let's make love  
Right now
