You've been up, you've been down  
All over looking around  
You said, true love, could never be found  
You still dream of that kiss, although I know you're  
convinced  
Your prince charming, doesn't exist,

Cause it seems so far away  
But you're closer than you think

I'm right here waiting, faithful and true,  
The one you come back running to,  
All that I'm saying, after all you've been through  
Maybe maybe maybe, it's right here in front of you,

I know the last guy was wrong, It wouldn't be long, he'd  
get what he wanted,  
Then he'd move on  
But what could I say it wasn't my place, all I could do  
was sit back and wait  
Until the moment was right, and girl I think it's time,

I'm right here waiting, faithful and true,  
The one you come back running to,  
All that I'm saying, after all you've been through  
Maybe maybe maybe, it's right here in front of you,

You've been searchin, you've been hurtin, you've been  
hopin,  
You've been prayin, you've been waiting for this day to  
come,

I'm right here waiting, faithful and true,  
The one you come back running to,  
All that I'm saying after all you've been through  
Is baby,

I'm right here waiting, faithful and true,  
The one you come back running to,  
All that I'm saying, after all you've been through  
Maybe maybe maybe, it's right here in front of you,

I'm right here in front of you...
