On my voyage on an ocean of lies  
The man killed the boy inside  
Wading knee deep through the greed infested mud  
Where lies become truth and truth becomes tales

What you see is not what it seems  
I won't give up I'm setting sails  
I'm still sure that truth prevails

We're on a trip towards our false fate  
A social system built on hate  
The family tree and circle of old  
Got our lives in a chokehold

Never ever stay, go away  
Never ever stay  
Don't you stay too long, or you become me...

I wanna be your truthteller for a day  
To control clear channel and say what I am  
Storytellers feeding you by force  
The sanctioned truth is the main course

Secret play at the top of the nation  
Born into a mass indoctrination  
Medication through the media nation

Never ever stay, go away  
Never ever stay  
Don't you stay too long, or you become me...

Do the free really need to hide?  
Reassurements of the constitution  
"Our way of life kept safe from the world outside"  
You inherit the prison of truth untold  
You stay here inside 'til you're old

Take a good look around  
On what you think is true  
Would you sacrifice it all  
To dig deeper?
