In an insane world  
Lives a girl  
Wanna save her soul now

Why do I bother?  
Why do I care?  
Can't even save my own life

So delusional  
In my own world  
I shut myself in

Living on the edge  
Pain is more than skin deep  
Your helping hand cuts deeper than the blade

"Intimidation doesn't work  
Try a mild approach at first"  
Guess you've tried them all before

But I, I feel your pain  
I tried again  
I can't help myself
