Heading for corruption
No spirit or conscience
A bloodbath in waiting
On the threshold of peace
Sabotage the history
Soak the pain in apathy
Hide the toll of misery
Camouflage democracy
Heading for corruption
They prostitute the suffering
And bury our impulse
To see through the shame
Shatter their dependency
Massacre maliciously
Infiltrate stupidity
Murder their prosperity
Spokesmen - the shallow eyes leer
Invoking - a structure of fear
Applauding - the hidden regime
Denouncing - logical schemes
Heading for corruption - the tears of disbelief
Sanity - smothered
Heading for corruption - the source and the catalyst
Insanity - swallowed
Dead sea scroll deception
Dead sea scroll deception.
