Sulfur demon, the horns of Venus  
Rape the boy within the man  
The horns of Venus, horns of Venus

Deviate souls in rapture  
Flesh that never rests  
Hold the image of Venus  
Carnal lust possessed

Sulfur demons, the horns of Venus  
Rape the boy within the man  
Sulfur demons, the horns of Venus  
Rape the boy within the man

Inhaling winds of venom  
Numb from living sin  
Seducing shapes in violent rage  
Grandeur crowned in thorns

Sulfur demons, the horns of Venus  
Rape the boy within the man  
Sulfur demons, the horns of Venus  
Rape the boy within the man
