The fathomless signs  
Displaying the virtue reborn  
Breathing down your neck  
In a thunderous roar

Emperors and priests denounce  
The choirs of the righteous roar  
Emperors and priests denounced  
Fathered in the ruins of hell

The cancerous cells removed  
Fictitious lives enrolled  
The assembly line restored  
Rage incarnate reborn

Emperors and priests denounce  
The choirs of the righteous roar  
Emperors and priests denounced  
Fathered in the ruins of hell

Broken, silent, speechless  
In prophetic sadness obscured  
Through the crystal vaults of the heavens  
A demigod in approaching  
The swarming of locust  
In the abyss unleashed

Broken, silent, speechless  
In prophetic sadness obscured  
The swarming of locust  
In the abyss unleashed

No apostles, no prophets  
Hell has no fears for us  
No apostles, no prophets  
We repent for no heaven
