Drowned my last doubt in the fountain of guilt
Summoned the virus to quench the plague

Through the eyes of my shadow self
The avalanche of desolation
Through the eyes of my shadow self
The sinister exorcism

Reincarnation - the illusion of my spirit deathless
Abomination - the love remains unborn

Through the eyes of my shadow self
The avalanche of desolation
Through the eyes of my shadow self
The sinister exorcism

Drowned my last doubt in the fountain
The fountain of guilt

Through the eyes of my shadow self
The avalanche of desolation
Through the eyes of my shadow self
The sinister exorcism

Through the eyes of my shadow self
The avalanche of desolation
Through the eyes of my shadow self
The sinister exorcism
