The horrendous white abyss of shrieking delirium  
A dirge sung for existence  
The symphony of the conquering worm

The serpent or wisdom  
Orchestrated from below

Barbed with pain, the revelation  
The festering plague, world without end  
Crowned in nothing, I am the wound  
The heir to the ages of wonder  
Vomiting evil

Disillusion, arcane and profane  
The raging chaos  
The testament of man  
The creatures' eyes - heavy with sin  
Unlock the gate, once again

Barbed with pain, the revelation  
The festering plague, world without end  
Crowned in nothing, I am the wound  
The heir to the ages of wonder

Endless funerals  
A reign of razor-sharp routine  
Cemetery diversions  
Our lives dissolve into the void  
Vomiting evil

React with the disease  
This abattoir - a maze that dreams  
React with the disease
