You don't want to know how much I've been trying.and  
who would  
wanna know that inside I'm dying.'cause we only go 5  
seconds til the  
world ends .

Chorus :

Yep we only got five seconds til the world ends

I don't want now how much I've been missing and I  
don't wanna  
know how far you feel distant you felt so cold . even  
with the sunrise  
.i never really showed you that I only know sometimes .  
I guess I  
never showed you how much I still loved you . I'm never  
Gonna know  
you.i but ill never run from you.i want you to k ow , know  
, know what  
they should've said long ago . I want you to go , go ,go  
to run and tell  
everybody that you know we only got 5 seconds to the  
world ends

Chorus:

Yep we only got 5 seconds til the world ends

I feel like there's a few hours keep ticking by minutes  
deja vu . Hey  
when the nights get colder lies get bolder my mind  
says hold up wait  
could is be over , I look in closer. I took in solar rays  
and e days  
spent sober paging over the books that showed my  
way. You can  
find me by the sunrise.hey. I'll be handing out the  
sunshine hey. And  
I know how to serve mine like I just woke up and I'm  
living for the first  
time .
