Iâ€™ve got the sun in my pocket and the moon in hands  
I throw it up amongst the stars and watch it move in a  
dance  
Sometimes I stop and play it over again  
With a smooth breeze blowing, flowing closer within,  
hey.

Now let me think about the route that I took  
I heard them say that I should play it by the rules of  
the book  
But I took it real easy on them, proceed to beat the  
problem  
Smooth wishes in my words, beliefâ€™s a need to calm  
them  
Listen and pay attention to the things that I came to  
mention  
Iâ€™ve had simliar ways of tension, just consider the  
maze of questions  
I have, I have, Iâ€™ll be ready just give me a second,  
Iâ€™m there  
Just give me a second, Iâ€™m there.

Iâ€™ve got the sun in my pocket and the moon in hands  
I throw it up amongst the stars and watch it move in a  
  
dance  
Sometimes I stop and play it over again  
With a smooth breeze blowing, flowing closer within,  
hey.

Itâ€™s growing over now, so close I can almost hold it  
Provoke and open now, hope thereâ€™s those opposed  
to  
close it  
For a broken soul is over, trading craters for holes to  
solve it  
A cold reality for amnesty in closr circles  
Unfold the known, itâ€™s worth, give them a sign to show  
itâ€™s perfect  
A person evolves to purpose, a turn that resolves to  
earn it

Like this, like this, Just follow me if you're scared  
Just follow me if you're scared.

I've got the sun in my pocket and the moon in hands  
I throw it up amongst the stars and watch it move in a  
dance  
Sometimes I stop and play it over again  
With a smooth breeze blowing, flowing closer within,  
hey.
