When you feel the need
When the heart unfolds
When youæŠ³e thought it through
When the hurting stops
Will you think of me?
If you called my name
Asked the time of day
Caught my parting words
Had something good to say
Would you think of me?
Would you think of me?
Of all the moods that læŠ³e been through
Of all the things læŠŽ thought læŠŽ do
læŠ£I keep on trying
Keep on dying
To be seen by you
If you feel in need
Of a hand to hold
And youæŠ³e thought through
How it all unfolds
læŠ£I be there for you
læŠ£I be there for you
læŠ£I be there for you
