If you ever get the traveling blues
And need a place to rest your shoes
There's someone here to welcome you
I'd be so happy to know that you're alive

If knowing this should make you feel low
And you're feeling the need for someone to know
I love to hear your welcomed hello
I'd be so happy to know that you're alive

[Chorus:]
There's so many sights
Those bright city lights
(Will) help you try to find your way
It's a big, big world
(And) you're a big, big girl
So hurry up and don't be late
But if you ever want to come on home
There's no need in you being alone
All you've got to do is phone
I'd be so happy to know that you're alive

Mmmmm

[Chorus]

I'd be so happy to know that you're alive
So happy to know that you're alive
