Another perfect person,
That I can't measure up to,
My condition only worsens,
As they say 'I'm better than you,'

[Chorus]
I can't be perfect,
I can't be all you ever need,
I'm trying my hardest to be,
As perfect as I can be,

Another day goes by,
And Iâ'm still falling apart,
As I try to reach the sky,
I try to find my way to your heart,

[Chorus]

Perfect, Perfect, Perfect,
I can't be, I can't be, I can't be,
Perfect,
I can't be as perfect as I can be,

[Chorus]

I can't be,
I can't be,
I can't be,
All you need.
