Wake the world, wake the world, we got a long, long  
way to go  
Wake the world, wake the world, and let the fire in your  
heart, melt the snow  
Open your mind and you will love again  
Look with your eyes and make it show  
Wake the world, wake the world, we got a long, long  
way to go

My name is Richie Ranking and my mike can see

...

Jamaican ... my original...  
The best thing for me is to be free  
Watch what they say and watch out their beat  
Take a good look at all the possibility

Now this is a message for ... your mind  
Open up your mind and try and understand  
This is message for each and everyone  
You must have a... you must have a...  
That's all the way I got...  
The... is clean and the mind is...  
So jump around and put off your...  
Come on everybody let me sing the song

The future belongs to the...  
Find the rhythm and pumping system  
The future belongs to the  
... no problem  
They tell  
I find

Dance  
They live  
Dance

Open

Open up your heart and let lover ring
