I think that it's time for us to leave this place  
Maybe if you come with me I'll keep you safe  
You can feed me to the wolves if I make one mistake  
Cut me up in pieces when I misbehave

Can you find a way to ease this pain  
Go and buy something to take it away  
'Cause we don't have a lot of time to hesitate  
Maybe you can find a way to give me a break

Oh I don't have the mind to fight  
I've got you in my sight and I won't stop until  
I find a way to make you stay

Can you find a way to ease this pain  
Can you find a way to give me a break  
'Cause I don't have the heart to say goodbye  
Please take me with you or I'll die before  
I find a way to ease this pain

Can you find a way to ease this pain  
Go and buy something to take it away  
'Cause I don't have a lot of time  
I've got you in my mind and I won't stop until  
I find a way to make you stay

I'll find a way to make you stay  
Baby I will find a way to make you stay  
'Cause I don't have the heart to say goodbye  
Please take me with you or I'll die before  
I find a way to ease this pain
