I am on my way to hell  
And I've got Satan on my side  
On my side

Fly me through the screen door  
Please make me forget you  
Cuz I've tried to forgive you  
For too many years  
So get on board or  
Shut your fucking mouth  
You just shut your fucking mouth  
Shut your fucking mouth

I have no more words for you  
And you should  
Go and find someone else to torment  
Cuz I'm done today  
Done today  
Done today  
I am done today  
Done today  
Done today  
Right now at this very moment  
Right now at this very moment

I'll play nice until you've gone  
But you might really wanna  
Go and get your head checked  
Cuz this person you've become  
Is very strange  
This evil monster you've become  
Is very strange

Fly me through the screen door  
Please make me forget you  
Cuz I've tried to forgive you  
For too many years  
Too many years  
So get on board or  
Shut your fucking mouth  
You just shut your fucking mouth

Shut your fucking mouth
