How long have you been
Fucking him
Behind my back
I cannot believe I stayed here
Listening
All these years
To someone who was dead
Pulling me
Underneath
I come up for air and I can barely breathe
You're choking me
And smashing in my face

I erased who I was for you a long time ago
Sometimes don't know my own hands
But baby I can see that you were
Never who you said you were
With me inside of your body

Yeah well that's just great
I'd expect nothing more
And nothing less
From an animal like you
Get ready for the fight
Of your life
Cuz I've had all one man in love
Should ever have
To cry about
And run circles in place

I erased who I was for you a long time ago
Sometimes don't know my own hands
But baby I can see that you were
Never who you said you were
With me inside of your body

Oh I can taste the sin
It's dripping from your lips again
Down your chin while you swallow them
I said that I can taste the sin
It's dripping from your lips again

Down your chin while you swallow them

I cannot believe I stayed here
Listening
All these years
To someone who was dead
Pulling me
Underneath
I come up for air and I can barely breathe
You're choking me
And smashing in my face

I erased who I was for you a long time ago
Sometimes don't know my own hands
But baby I can see that you were
Never who you said you were
With me inside of your body

Oh I can taste the sin
It's dripping from your lips again
Down your chin while you swallow them
I said that I can taste the sin
It's dripping from your lips again
Down your chin while you swallow them

I said that I can taste the sin
It's dripping from your lips again
Down your chin while you swallow them
