Turn my blind eyes blue like I promised  
The voice of god in the garbage  
And I think it's time we said goodnight  
With the road laid out before us  
I can see the trees for the forest  
And it's too late to change my mind

I'll just throw in the towel and say goodbye  
Walk my feelings around and have a cry  
Give you all the love I have inside  
This is going to take some time

Turn my blind eyes blue like I promised  
The voice of god in the garbage  
And I think it's time we said goodnight  
With the road laid out before us  
I can see the trees for the forest  
And it's too late to change my mind

It's too late to change my mind  
It's too late to change my mind

I'll just throw in the towel and say goodbye  
Walk my feelings around and have a cry  
Give you all the love I have inside  
I will give you all the love I have inside

Turn my blind eyes blue like I promised  
The voice of god in the garbage  
And I think it's time we said goodnight  
With the road laid out before us  
I can see the trees for the forest  
And it's too late to change my mind

It's too late  
It's too late to change my mind  
It's too late  
It's too late to change my mind
