You know me  
I've got diamonds on the ceiling  
And demons in my head  
So get the hell out of my apartment  
Your drunk ass needs to get the hell out of my face  
And take your shit with you  
I'm full up on space  
You need to stay the fuck out of my way

'Cuz you know me  
I am licking the walls and bouncing  
Bouncing  
So get the hell on with what you are saying  
You make no sense to me  
So get the fuck out of my face  
And take your poison with you  
I've got my own poison to breathe  
And I am ripping  
Ripping

So get the hell out of my apartment  
And take your shit with you  
I've had enough for my life  
And you leave me your keys  
You piece of shit  
Those keys are staying here with me  
They're staying
