Will you stay until tomorrow?
Cuz it's been so long since
I had someone in my bed
Catch me now before I journey inward
Make me come down from there this instant

You can have the last word
And all the words before it
There was no day before this
Well I meant to hurt you
Hell I did that shit on purpose
Because your ass deserved it

Now all I see are smoke rings
It it finished, it is finally finished
Now all I see are smoke rings
It is finished, it is finally finished

But there is no one here to claim me
Well you just sound pathetic
And I'll not soon regret this
With a twinkle in my eyes
I broke your heart in two
So let's have a good look at you
Let's have a good look at you

You can have the last word
And all the words before it
There was no day before this
Well I meant to hurt you
Hell I did that shit on purpose
Because your ass deserved it

Now all I see are smoke rings
It it finished, it is finally finished
Now all I see are smoke rings
It is finished, it is finally finished

Tell me what was I to do with you still smiling?
I put an end to that.
I put an end to that.

Maybe next time you'll think twice before you ruin me
Lie to me, degrade me, tell me just how much you hate
me

You can have the last word
And all the words before it
There was no day before this
Well I meant to hurt you
Hell I did that shit on purpose
Because your ass deserved it

You can have the last word
And all the words before it
There was no day before this
Well I meant to hurt you
Hell I did that shit on purpose
Because your ass deserved it
