"The Tree You Named After Me"

blood songs in your house
waiting for the sound of your lover's need
with one foot on the ground
the other on a cloud no one can reach
except for me

your arms are still wrapped around
another time in another dream
ever looking for an out
and sounding the alarm over anything
but not over me

but not over me

take me to a town
far away from all of these memories
you've scattered about
and buried in the woods under the tree
that you named after me
