"Turn Me Out"

The past is here at all times
We bring it with us when we cum
But when we cum you can go all night
Until I'm done

I give my body to you
You can do with it what you want
And if you let me get into you
I'll never stop

I'll never stop

I just want your love
I just want your love
I just want your love
I just want your love

The whore that lives inside me
Still likes to put it in your mouth
And wrestle in the bedsheets
'Til you pin me down

Baby teach me everything
You learned about
Come on, get into me
And turn me out

And turn me out

I just want your love
I just want your love
I just want your love
I just want your love
