When the going gets tough
The tough quit going to work
When the going gets tough
The tough quit going to work

You can write it on my heart
Write it on
Write it on my left arm
You can write it on my heart
Write it on
Write it on my left arm

It only hurts when I breathe
It only hurts when I breathe
There's blood in the water
There's blood in the water

You can write it on my heart
Write it on
Write it on my left arm
You can write it on my heart
Write it on
Write it on my left arm

I cannot stand on my feet
I cannot stand on my feet
This room's getting smaller
This room's getting smaller

You can write it on my heart
Write it on
Write it on my left arm
You can write it on my heart
Write it on
Write it on my left arm

And if someone finds me
And if someone finds me
I left clues on the body
I left clues on the body

You can write it on my heart
Write it on
Write it on my left arm
You can write it on my heart
Write it on
Write it on my left arm
