Wait
Stay another day
Can I look in your eyes
Just one, just one more time

Please
Let me touch your hand
See just one more smile
Stay here forever

I promise we'll be alright
I can't stop seeing your eyes
They're waiting every time
Every time I close mine

Brilliant lives can't stay away
If you believe in fate
We'll meet again someday

Please
Let me touch your hair
See just one more smile
Stay here forever

I promise we'll be alright
I can't stop seeing your eyes
They're waiting every time
Every time I close mine

Brilliant lives can't stay away
If you believe in fate
We'll meet again someday

Brilliant lives can't stay away
If you believe in fate
We'll meet
