I wasted so much time  
With you, my dear  
While you masquerade  
And tell yourself ten thousand lies  
You're in love with your new guy  
Then alright  
I'm sure that way deep down you know  
He's second place inside

I can't pretend that I don't miss you  
I think I will  
Take the time to get over it  
I think I buried it  
And I should have just said goodbye  
Cause you're wasting my time

I'm sick of losing games  
Cause you make the rules  
I'm never more alone than any time I spent with you  
Aren't you so pretty?  
Pretty, what I think it's time for you to fill that line

I can't pretend that I don't miss you  
I think I will  
Take the time to get over it  
I think I buried it  
And I should have just said goodbye  
Cause you're wasting my time

You said you changed and never lied  
You were out having your good times  
I'm glad I shared so few with you  
When you wake up and see the light  
I hope you swim in tears that you cried  
And I'll sink the only boat to save you  
Save you  
Save you  
Save you

Take the time to get over it  
I think I buried it

And I should have just said goodbye  
Cause you're wasting my time  
I can't pretend that I don't miss you  
I think I will  
Take the time to get over it  
I think I buried it  
And I should have just said goodbye  
Cause you're wasting my time  
Cause you're wasting my time  
Cause you're wasting my time
