I think I've heard this all before,
So I'm just going to leave, and not say goodbye
With my finger high, I still feel like I'm seventeen
If I've got stupid dreams, at least I'm alive.

You wanted everything, anything, except for me.
So rhyme that poetry, and feel it.
You think your life is great, cause your mistakes, just
disappear.
I'm going to make sure this one haunts you.

I'm so sorry, You don't love me.
We never had, never had, never had, never had, a
chance.

I can't stop seeing you around.
You always seem to be, with other men.
I always knew this wouldn't work, cause like I've said
before,
I'm too good for you

You wanted everything, anything, except for me.
So rhyme that poetry, and feel it.
You think your life is great, cause your mistakes, just
disappear.
I'm going to make sure this one haunts you.

I'm so sorry, You don't love me.
We never had, never had, never had, never had, a
chance.

I'm so sorry, You don't love me.
We never had, never had, never had, never had, a
chance.

And this is what I want from you, just another chance
And this is what I wish for you, a lifetime of regrets.

I'm so sorry, You don't love me.
We never had, never had, never had, never had, a
chance.

I'm so sorry, You don't love me.
We never had, never had, never had, never had, a
chance.
And now I've pushing you away from me. (I'm Sorry)
And everything we had before wont mean a thing. (I'm
Sorry)
And I'll be right here, but not for you. (I'm Sorry)
Walked to him, let your heart be in two. (I'm Sorry)
And what's his name, wheres he from, does he know I
used to be the one. (I'm Sorry)

And when your pushing him away from you, He sees
you through. (I'm Sorry)
I'll be right here, but not for you (I'm Sorry)
I'll tell you that I told you so. (I'm Sorry)
You should've loved me years ago. (I'm Sorry)
I'll forget your face (I'm Sorry)
Share the taste (I'm Sorry)
Apologies you should've cried before (I'm Sorry)
The tears you should've cried before
