I met her once and I fell in love  
Can't explain the feeling, whatever was  
But captain morgan ya he was there, too  
And he kept on tellin me to talk to you  
And we got along great ya even despite  
That I'm mr. wrong and your mrs. right  
I'm comfy and I want you to love me  
Cuz all these other girls just hump me then dump me  
Humpty dumpty, ima fall of the wall  
And land in a pool of my alcohol  
And I swear to go I didn't try to upset ya  
To wanna get married on the day that I met ya  
Cuz all things go, and they go real fast  
So pardon me a minute while I finish my glass  
I'm in like flynn with an ear to ear grin,  
All thanks to the rum not the beer or gin  
No fear of sins, when hard sets in  
Cuz from here on out I'm only in it to win  
Ya I'm in it to win, if I get a girl once ima get her again

You're my rum drunk love and I wanna get next to you  
Ya I do  
And if I take too many shots then I'm gunna have sex  
with you  
Sex with you  
And I know I'm being forward and that this is a lot to  
say  
Lot to say  
But the way this bottle has me feelin I think that it's all  
okay

Gotta buzz from my rum drunk love  
No drivin for me cuz I'm far above  
The legal limit so come over here a minute  
Cuz I'm sick and tired of all the other ordinary women  
Saily jerry says that the night is young  
But my fake I'd wants him to bite his toungue  
Went out the house on a quest I guess  
With a flask of my stuff tucked into my vest  
Out of all booze the rum is best  
Cuz when the browns in my my red then I'm seein some

chest

Late night, not eight to nine

But one to five if your ladylike

Pour me a glass of your conversation

I'm a little too impatient and I don't like waitin so

Cut to the chase, and suck my face

I can call us a cab and we can head to my place

And end the evening on a note with a sugary taste

Splenda sweet ya with a sugary taste

Cuz rum drunk love means a morning headache

You're my rum drunk love and I wanna get next to you

Ya I do

And if I take too many shots then I'm gunna have sex

with you

Sex with you

And I know I'm being forward and that this is a lot to

say

Lot to say

But the way this bottle has me feelin I think that it's all

okay
