Good morning barmaid
how was my day?
cos i can't remember anything 'bout yesterday

so fickle
backing to live
approaching hopeless
that's the life you bring to me

i'm not lovin' it
i'm not lovin' you
'cause i don't love you

i'm not lovin' it
i'm not lovin' you
'cause i don't love you

good morning lady
how was the date?
im so drunk that i don't even know your name

so fickle
backing to live
approaching hopeless
that's the life could bring to me

i'm not lovin' it
i'm not lovin' you
'cause i don't love you

and i'm not lovin' it
i'm not lovin' you
'cause i don't love you

why do you cry? if i dont mind? if i dont love you
