Ten minutes til' twelve o'clock,
That's when the hammer drops,
Sienide in the chamber,
Until the humvee stops,

The last man (Dying man),
In a dying democracy,
Past americana,
From see to shining see,

[Chorus:]
Lockdown, America Lockdown,
America Lockdown, America...

Solution in his layer,
Is locked up in a cage,
Sweepin' under a road,

[Chorus]

Lock him in a cell,
Spread him of his rights,
One latch a time,

March above the hill,
Stand above the ground,
One latch at a time,

[Chorus]
