Such a hawk
Not a dove
Do you really believe in the god above?

Took control when we found ourselves in sticky
situations
Not a gesture of love, but self appreciation

Idleness
Webs of time
Treacheries you undermined

Now you find yourself in a sticky situation
We laugh as you drown in your own humiliation

[Chorus:]
Search for the truth, wade through the lies
A smiling face is your disguise
Eye for a tooth, tooth for an eye
Abused out trust and broke our ties

Waste a week
Save a dime
Raping the scene, now you're a victim of the crime

Using us pawns for your games of complication
We suffered because of your I'll procrastination

Lots of plans
None complete
Never would you, could you accept defeat

Kept us locked in a state of suspended animation
Didn't want to let go, clung on like a damn mutation

[Chorus]

Such a hawk
Not a dove
Do you really believe in the god above?

Took control when we found ourselves in sticky
situations
Not a gesture of love, but self appreciation

Idleness
Webs of time
Treacheries you undermined

Now you find yourself in a sticky situation
We laugh as you drown in your own humiliation

[Chorus]
