Riding in the street - these streets are mine!
Fooled by corruption for the last time.
Riding in the street - these streets are mine!
Never again led by the blind

Skating Babylon

When I feel - there's no way out,
I grab my board and I head out -
And Skate Babylon!
And Skate Babylon!
And Skate Babylon!
And Skate Babylon!

Riding in the street - these streets are mine!
Fooled by corruption for the last time.
Riding in the street - these streets are mine!
Never again led by the blind
