I know all the little bus drivers saying

The clocks of the world are evil in their design  
Our days of wine and song never came  
And calendars map the places, we've never been  
So call us The Unlucky Ones

We walk under ladders, as a matter of course  
Jump on every crack, we can find  
Thirteen a day, if we get half a chance  
So call us The Unlucky Ones

Come out and dance awhile  
Out in the black cat infested night  
We dance on ledges and spires  
With losers and liars, we don't have a thing to fear

So, say a prayer for us  
When you go to bed  
The Unlucky Ones
