[Chorus]

Can you hear me?  
Is someone there?  
Am I losin my mind?  
Am I losin my mind?  
Am I overload?  
Won't you rescue me?  
Talkin about them minds

Yo I scribble death letters to myself every day  
Sitting here locked away gone astray with my misery  
Mind's torn apart by the box that's in front of me  
Trying to erase all the pain that's become of me  
I'm perceived as conceited I'm reaching  
And screaming at the top of my lungs WHY  
In need of a miracle a spiritual calling come seep  
through the walls  
And delete the pitch black that you hear in these songs  
You might call it a blessing  
You might call it depressing  
You might call it a sick game  
Mind torn apart and the fans wanna summon me  
Live on the stage with their hands right in front of me  
I just spit then I exit with a cigarette  
Life full of death but it still hasn't killed me yet  
Knife to my chest but there's still no feeling left  
Like me or not imma still keep gettin checks

[Chorus]

They associate my name with my face  
With my raps with my hat with my clothes with my taste  
It's a shame that you hate wanna burn my body at the  
stake  
I think you'll find it deep inside the mirror is your  
missing fate  
Mouth stitched shut brain trapped in a dark daze  
Suicidal thoughts play homicidal talk raise  
Crawlin in a dark maze clawlin at my heart craze  
Starin at the walls up in this coffin in a grave  
I press on like a zombie in this rap game  
Prayin for a miracle to save me from this black rain

Act strange cause I feel strange  
Punchin through the walls in my crib just to see if I can  
feel pain  
But only nothing is it known to stack  
I got a feeling that it's part of why my lungs are black  
Prints collapse and I'm drowning in my sin perhaps  
I put the rope around my neck and then I trip to black

[Chorus]

I'm goin out of my mind, I'm goin out of my mind  
I'm going out of my mind, I think I'm losing my mind up  
in this motherfucker [x2]

Don't fucking look at me like I'm crazy, I'm not crazy,  
y'all made me fucked up, yeah listen, the world made  
me this way so y'all are just gonna have to deal with it,  
don't fucking look at me crazy fuck that

[Chorus]
