[Chorus]

Every time I start to reach the clouds
Motherfuckers want to hate and bring me down
But I see how they do when I'm not around
Kind of makes me want to kill you

Yo, not a star yet, but I'm ready to
You can see it in my eyes when I'm tellin you
Grown so much the past seven years
Seen a lot of people caught in the middle and sheddin
tears
My apologies I never knew in the begging how the
industry seems to be fuckin my peeps
Either sittin on a million or stuck in the streets
Either payin off judges or duckin police
It's a risk that I'm willing to take
Cause my goal is to roll with a mil in the safe
Fuck a low blow, hit in ya face
Anything I gotta do to try to fill in the space
In my head

[Chorus x2]

Killers in my hometown wanna be down
Cause they see that we really wasn't fuckin around
Always said that we'd fill those parts
Dominatin on the billboard charts we got heart
Even though we stay cold with the enemy
Yo I see how you so-called friends wanna pretend to be
Part of the picture but you're actin off of jealousy
You wanna live the life without the hard work and
penalties
So now we on the same page when you see me get
paid
You ain't gettin backstage
You ain't gettin that fame
Might as well cut the song in half
I got a flight you ain't even got a autograph
The last laugh

[Chorus x4]
