(Catherine SusserLokua Kanza)  
Spirit healer  
keeps on telling me why  
I've been running miles  
since yesterday's sunrise  
like a river  
I've come all this way  
just to say I love you  
Yeah yeah...  
just to say I love you  
Navigated unrelenting seas  
made my way  
across the desert laughing  
battled hunger  
with my weapon of love  
that's what life is made of  
Nga na ye bolingo na nga koyebisa yo  
ndenge nga nalingi yo  
nokalanda yo bipayi nionso bolingo na nga  
Yeah yeah...  
just to say I love you
