I woke up early and it was a sunny day  
Soon as I went outside that's when it started raining  
Rushed and got in my car pull out my driveway and on  
my way to work  
Got stuck in two hour traffic.

And I can't Lie  
Seems like the more I try  
The more I realize  
That I might not never see the best of me  
But I can't cry  
cause hey im still alive still got a chance at life  
Just wanna be happy  
But the facts remaining.

Wanna go off everytime something goes wrong  
Cause I can't take it  
Tell me is it me or is it this society  
Cause I can't Take it  
When I look around wanna scream out hit the ground  
Cause I can't take it  
But Im But Im But Im  
Im Working on it, Working on it.

I want so many things  
When I was young I dreamed , that I'd marry a king  
My daddy called me princess  
But in reality those things will never be  
Ain't no celebrity, but won't catch me complaining

And I can't Lie  
Seems like the more I try  
The more I realize  
That I might not never see the best of me  
But I can't cry  
cause hey im still alive still got a chance at life  
Just wanna be happy  
But the facts remaining.

Wanna go off everytime something goes wrong  
Cause I can't take it  
Tell me is it me or is it this society

Cause I can't Take it  
When I look around wanna scream out hit the ground  
Cause I can't take it  
But Im But Im But Im  
Im Working on it, Working on it.

Most people live, inside their fantasies  
Don't wanna see the truth, (they don't wanna see the  
truth) but life is what you make it  
And they'll do anything to even up the score  
Just trying to get a little bit more, Just trying to get a  
little bit more

So only Trust yourself, and do what works for you  
Listen to no one else,  
I bet you you'll be happy  
So don't you hesitate, aint got no time to waist  
Just trying to get a little bit more, Just trying to get a  
little bit more

Wanna go off everytime something goes wrong  
Cause I can't take it  
Tell me is it me or is it this society  
Cause I can't Take it  
When I look around wanna scream out hit the ground  
Cause I can't take it  
But Im But Im But Im  
Im Working on it, Working on it.

And they'll do anything  
THING THING THING THING  
Just trying to get a little bit more  
Just Trying to get a little bit more  
And They'll Do anything  
THING THING THING THING  
Oh  
Oh yeah

Just trying to get a little bit more
