Who's got what it takes to be my guy
What it takes to make me shine
What it takes to get me fired up?
Who's got what it takes to be my beau
What it takes to make me glow
What it takes to make this beat flow?

Everyone talks about
What they think they need
The make up a list
Of things 1, 2, 3...
Everyone us different,
But where we can agree?
Every girl wants her boy
To treat her sweet

Don't think that being mean
Will get you anywhere
Don't think that acting cool
Will make me want to care
I need your respect
If your gonna be the one
And if you must apply
Then try to get the job done

Who's got what it takes to be my guy
What it takes to make me shine
What it takes to get me fired up?
Who's got what it takes to be my beau
What it takes to make me glow
What it takes to make this beat flow?

Talk can be so cheap
So I just look for actions
Be good to me if you want my attraction
Maybe I just want too much
But I don't really care
I know I'm worth it
And I know he's out there

Wait, wait
You might be a contenda

Hey, hey
Can I borrow your sweatshirt?
Normally, I'm not the one to say hello first, but if I didn't
I might miss out and that might hurt

Who's got what it takes to be my guy
What it takes to make me shine
What it takes to get me fired up?
Who's got what it takes to be my beau
What it takes to make me glow
What it takes to make this beat flow?

I've been contemplating what
It takes to make me give my heart
Could you be the one
Standing in the crowd?
I'm waiting to find out

I'm waiting, waiting, waiting, oh!

Who's got what it takes to be my guy
What it takes to make me shine
What it takes to get me fired up?
Who's got what it takes to be my beau
What it takes to make me glow
What it takes to make this beat flow?

Who's got what it takes to be my guy
What it takes to make me shine
What it takes to get me fired up?
Who's got what it takes to be my beau
What it takes to make me glow
What it takes to make this beat flow?
