This is no ordinary love, no ordinary love
This is no ordinary love, no ordinary love

This is no ordinary love, no ordinary love
This is no ordinary love, no ordinary love

No ordinary love
This is no ordinary love, no ordinary love

This is no ordinary love, no ordinary love
This is no ordinary love

I keep crying for you
I keep trying for you
I keep dying for you
I'm falling

I keep crying for you
I keep trying for you
I keep dying for you
