I know it's late, I shouldn't call at this hour
But it's my fate, I need lips to devour
My nervous system is shot all right
I won't sleep unless you

Sleep with me tonight
Deep with me tonight

I know it's late, we've known each other awhile
I can't wait to see your twisted smile
Kindred spirit of candlelight
I won't sleep unless you

Sleep with me tonight
Deep with me tonight
End my thoughts, seal my sight
I'm so tired but I fight
Sleep with me tonight... sleep with me tonight

Drown out the machinery in my head
Bring your peace of mind to my bed
Without dreams we fall apart at the seams
Kindred spirit of candlelight
I won't sleep unless you sleep with me tonight
Deep with me tonight
End my thoughts, seal my sight
I'm so tired but I fight
Sleep with me tonight.. sleep with me tonight
Sleep with me tonight... sleep with me tonight
Sleep with me tonight... sleep with me tonight
Sleep with me tonight... sleep with me tonight
