Come along with me
You have much to see
The surface is revealing
Take a look inside
Trouble is your find
The purpose is deceiving

Time is industry
It owns a part of me
I'm living in this world cause I'm scared to leave

Peace and harmony don't mean a thing to me
I'm done with love and make believe

Careful what you say
Propositions lay at your feet, step gently
Attentions never hide no matter how you lie
The truth cuts through completely
Time is industry
It owns a part of me
I'm living in this world cause I'm scared to leave

Peace and harmony don't mean a thing to me
I'm done with love and make believe

It's killing me
In front of you
I don't know what else to do
Cause I can't save your life too

Time is industry
It owns a part of me
I'm living in this world cause I'm scared to leave

Peace and harmony don't mean a thing to me
I'm done with love and make believe
