How do I love you let me count the ways
I could go for days
You keep giving me a reason to stay lost in you
You feel me up with passion
Still I never lose the hunger
If it isnt one thing
Baby its another

[Chorus:]

Well mainly its just kiss
The next thing its your smile
Theres no end to the ways you drive me wild
The perfume that you wear
You dress it to there
The way you run your fingers through my hair
When it comes to love
Girl you got me covered
If it isnt one thing
Baby its another

You always find a way to make me strong
When my strength is gone
With just a word or two you always know
How to stirr my soul

Your my shoulder and my shelter
My best friend and my lover
If it isnt one thing
Baby its another

[Chorus:]

Well mainly its just kiss
The next thing its your smile
Theres no end to the ways you drive me wild
The perfume that you wear
You dress it to there
The way you run your fingers through my hair
When it comes to love
Girl you got me covered
If it isnt one thing
Baby its another

When it comes to love
Girl you got me covered
If it isnt one thing
Baby its another...

Baby its another...

How do I love you let me count the ways

You keep giving me a reason to stay lost in you
