She's got a way of making me feel strong  
A style and grace thats all her own  
And she's got a way of making me feel like a man  
Everytime she takes my hand

The clouds roll back  
All my troubles disappear  
Everytime that she draws me near  
Ohhh

Chorus:  
She's like a cool drink of water  
Everytime she touches my skin  
Like a warm ray of sunshine  
When she whispers that she loves me and  
she lets me in ohh  
She looks at me and I wind up on my knees  
She takes my heart and don't give it back yeah  
I love it when she does that

She's got a smile that makes men weak  
Brother, thats what happened to me  
And, she's got a voice that moves me like a song  
and I could listen to it all night long

She 'aint perfect  
And she dont pretend to be  
And everything that's wrong with her is perfect for me

Chorus

Like the stars at night  
Ohhh that girls my guiding light  
And I'll stay by her side for the rest of my life

Chorus
