I'm blown away when I look at you
While you look at me
'Cause you see me so completely
I'm overwhelmed by the way it feels
'Cause I know it's real
When you reach out to touch me
You consume me, you know I can't resist
And you move me, with the power of a little kiss

It feels like a ton of love
Followed by a mountain of
Emotions coming over me
To take complete control of me
And I get swept away
Deeper in it every day
And Lord, I swear that I'll never give you up
'Cause girl, you hit my heart with a ton of love
When we're apart your in my heart
You're on my mind
'Cause our souls are connected
And when the distance between us grows
Everybody knows that we're not affected

And when you're with me it's heaven right here on
earth
Girl, you give me more than any one man could
deserve
It feels like a ton of love
Followed by a mountain of
Emotions coming over me
To take complete control of me
And I get swept away
Deeper in it every day
And Lord, I swear that I'll never give you up
'Cause girl, you hit my heart with a ton of love
Girl, I get swept away
Deeper in it every day
And Lord, I swear that I'll never give you up
'Cause girl, you hit my hear with a ton of love
I'm blown away when I look at you
You take complete control of me
You consume me

You move me
When we're apart you're in my heart
