Please help me find a reason
For me it's always season
Words can't describe all the things I feel
I'm losing everyday
Won't you come out and play
Step in my world and you'll see what's real
It's dark, it's cold, inside I know
It's dark, it's cold, inside I know
I've had enough
I've had my fill
It's time for you to learn what's real
The heat I felt before
Can't burn me anymore
I know you will feel like I feel
The heat I felt before
Can't burn me anymore
I know you will feel like I feel
The heat I felt before
Can't burn me anymore
I know you will feel like I do
I did not have a witness
I cannot help but be this
My destiny has been planned for me
It's time to show you all
There's something after all
My future died in my history
It's dark, it's cold, inside I know
It's dark, it's cold, inside I know
I've had enough
I've had my fill
It's time for you to learn what's real
The heat I felt before
Can't burn me anymore
I know you will feel like I feel
The heat I felt before
Can't burn me anymore
I know you will feel like I feel
The heat I felt before
Can't burn me anymore
I know you will feel like I do
