And now I won't be afraid  
step by step I have to go away  
feel lost in an empty place  
one more time let the memories feel my mind  
dreams that you've lost you'll find somehow  
love is just all around  
nigh are so cold I'm falling down  
darkness is all around

This is the reason righth now  
for me to let you go away  
have to believe it righth now  
you weren't meant for me to stay

These are the rules we paly  
let me guess jusy what you feel inside  
so now I can see your face  
rescue me from the shattered dreams of life  
hopes that you lost you'll find somehow  
life is just all around  
hold on to love just one more time  
sadness is all around

This is the reason righth now  
for me to let you go away  
have to believe it righth now  
you weren't meant for me to stay

Don't let you stay you go on your away  
don't let you stay you go on your away

Hold on to love just one more time  
sadness is all around

(coro) Don't let you stay you go on your away  
don't let you stay you go on your away
